

**PUBLIC NOTICE TO ALL CUSTOMERS OF
CAMPBELLSPORT WATER UTILITY**

Effective April 8, 2011 the Village of Campbellsport will be paying a reduced amount of the water utility charge for public fire protection (PFP) service. In the past, the total charge was paid and, in turn, recovered its payment through property taxes. As such, Campbellsport Water Utility has requested Public Service Commission authorization to collect \$10,000 of the PFP charges from customers, or benefiting persons, on the water utility bill based on the Equivalent Meter Method and the remaining \$174,207 will continue to be collected through property taxes, in accordance with Wis. State. Sec. 196.03(3)(b), which reads as follows:

196.03(3)(b). Unless the governing body of the city, village or town adopts a resolution providing that the city, village or town will pay the retail charges for the production, storage, transmission, sale and delivery or furnishing of water for public fire protection purposes that are not included in general service charges:

1. A public utility shall include the charges in the water utility bill of each customer of the public utility in the city, village or town.
2. A municipal utility may, in addition to including the charges in water utility bills under subd. 1., bill the charges to any person who meets all of the following conditions:
 - a. The person is not a customer of the municipal utility
 - b. The person owns land that is located in the city, village or town and in an area in which the municipal utility has an obligation to provide water for public fire protection.

This change in billing for PFP will allow for the collection of a portion of PFP charges from property owners who are not subject to property taxes. The Village intends to charge non-general service customers as defined in subd. 2. above. The proposed quarterly PFP charges are as follows:

<u>Meter Size</u>	<u>Quarterly Charges</u>	<u>Meter Size</u>	<u>Quarterly Charges</u>
5/8"	\$2.46	3"	36.69
